

VACANCY
Production Control Auditor
(Packaging for the Transport of Dangerous Goods)

Would you like to be part of a team that supports the safe transport of dangerous goods by applying guidelines and legislation? Then this is your chance!

The Belgian Packaging Institute (IBE-BVI), a unique and independent testing laboratory for materials and packaging, is looking for an auditor for its DGP (Dangerous Goods Packaging) department.

JOB DESCRIPTION

- You audit manufacturers of packaging for the transport of dangerous goods after their UN certification by the IBE-BVI Group.
- You travel 60–70% of your time within the Benelux (and to a lesser extent in neighboring countries).
- You organize test sampling and report results in consultation with the DGP team.
- You manage contacts and administration via the digital platform.
- You work in an ISO/IEC 17025 accredited and ISO 9001 certified environment and contribute to our high internal and external quality standards.

PROFILE

- You hold a bachelor's degree and have relevant professional experience.
- You have a fluent command of Dutch, French, and English.
- You are familiar with quality systems and standards.
- You hold a Safety Adviser certificate (an asset).
- You have an eager-to-learn, approachable, and professional attitude.
- You are proactive and able to work well in a team.
- You are familiar with common PC applications (Word, Excel, Teams).

OFFER

- A full-time permanent position in a financially healthy and growing organization.
- A close-knit team striving for quality and innovation, with attention to a healthy work-life balance.
- A competitive gross salary based on your education, experience, and age.
- A company car, laptop, and mobile phone.
- Extra-legal benefits such as meal vouchers, 13th-month salary, group insurance, flexible working hours, compensatory leave days and seniority days.
